Global Rigging & Transport
P.O. Box 7569
Virginia Beach, VA 23458
USA

Attention: Mr. Tommy Felch
General Manager

Subject: Alabama State Port Authority – McDuffie Coal Terminal
Two New Stacker-Reclaimer Assembly and Commissioning Project

Gentlemen:

In reference to the subject project, we would like to acknowledge the professionalism and commitment to quality completion of the two new Stacker Reclaimers delivered to McDuffie Coal Terminal in the Spring of 2008.

These units were delivered in multiple pieces and required extensive assembly, testing and commissioning to achieve Commercial Operation of both Stacker Reclaimers. Global Rigging & Transport personnel successfully performed all tasks within their scope of supply and were able to offer suggestions and assistance to other involved parties as well.

We appreciate the effort and expertise provided by Global Rigging in support of this project and look forward to future opportunities to work with you again in the future.

Should it be necessary, we are available for additional clarification/discussion.

Regards,

SHAW GBB, LLC

David A Wallace
Project Manager
